Cambridge is famous as one of the greatest seats of learning in the world

Since Cambridge university's formation in 1209, the city has nurtured some of history's greatest academics and thinkers including Charles Darwin, John Milton and Stephen Hawking. A medieval marvel complete with resplendent architecture, this magnificent city continues to inspire its academics and personalities until today.

Cambridge Immerse is a unique two week residential educational experience with a diverse and enriching curriculum. Challenging programmes are designed and taught by Cambridge University and Oxford University tutors, and our carefully planned schedule ensures that the programme not only meets the academic needs of the participants, but also provides a unique insight into the university city through an abundance of activities.
